

Handbook for Natural Beekeeping - Third Edition

By Certified Naturally Grown

Colorful 40-page booklet provides a handy quick-reference resource for natural beekeepers, organized clearly by topic, with a fun portable booklet size: 5.5" x 8.5"

A great way to supplement the curriculum at workshops and bee schools and provide a nice takeaway for students.

Based on the apiary standards of Certified Naturally Grown.

Includes the list of allowed and prohibited substances for CNG natural beekeeping, definitions and techniques.
