

**Certified Naturally Grown  
PRODUCE SUMMARY INSPECTION REPORT**

Farmers: Reynaldo Badiola/Quinoa Soedsan Farm name: Samsara Garden  
Inspector: Cladine Harris Affiliation (farm name, extension...): HARRIS Family Farm

Inspector is a:  CNG Farmer  Farmer using natural practices  Cert Organic Farmer

Extension Agent  Sust Ag Educator  Master Gardener  Customer (1 of 3)

Date of the inspection: April 17, 2019 How long did the inspection last?: 2 hrs

Based on my observations and interview with the producer(s), I feel confident in making the following declarations about the operation:

The producer engages in sustainable agricultural practices that promote the long-term fertility of soils and conserve water resources on their farm.

The farmer demonstrates a commitment to the protection of the air, soils, waters, and biodiversity of the surrounding land.

I saw no evidence that prohibited insecticides, herbicides, fungicides, or chemical fertilizers were in use on the farm.

The land under consideration looks to be surrounded by an adequate buffer to protect from chemical spray drift contamination.

The farmer is careful to make sure that no genetically modified or chemically treated seeds are used on this acreage.

I feel confident in recommending that the above listed producer(s) and their farm...

Samsara Garden is a farm devoted to self-sustainable practices. They use wood chips (composted) and mulch to conserve water & suppress weeds. Many plants to attract beneficials & serve as a habitat. Committed to natural ecosystems.

As a CNG farmer I'm committed to continually enhancing my farm's sustainability. During the next twelve months I will... comply with compost requirements, avoid woodchips from ~~local~~ unnatural sources, purchase organic seeds, plant more beneficial insects, plants, ground cover, + cover cropping, and mulch.
