Re: Letter of Good Standing

Dear Gordon and Steven Forbes,

This is to confirm that Forbes Family Farm is currently certified by the BC Association for Regenerative Agriculture (BCARA) and is compliant with the Canada Organic Regime (CAN/CGSB 32-310 & 32-311), the US- Canada Equivalency Arrangement and the BC Certified Organic COR program.

BCARA has received and reviewed the annual renewal application, the inspection has taken place and the Certification Committee has yet to complete the review and reach a final certification decision.

Currently, the certification of Forbes Family Farm is considered to be “in good standing”. This letter may be presented to any client, or party concerned, attesting the compliance of the production system at this time. The organic certificate will be issued once the review is complete, thus validating the certification decision.

This “letter of good standing” is valid for up to one year from the date on this letter, unless suspended or cancelled by BCARA or withdrawn by the Operator.

Should you have any questions please contact our office.

Sincerely,

Gwen Huber
